

Daughter Honors Father's Ministry

For over fifty years one man has been discovering, recognizing and encouraging thousands of the best in Christian Talent. His innovative pioneering work in Christian music literally built a super highway where none existed before for future music makers to use...and set the benchmark in style and form that new artists, groups and directors still follow to this day.

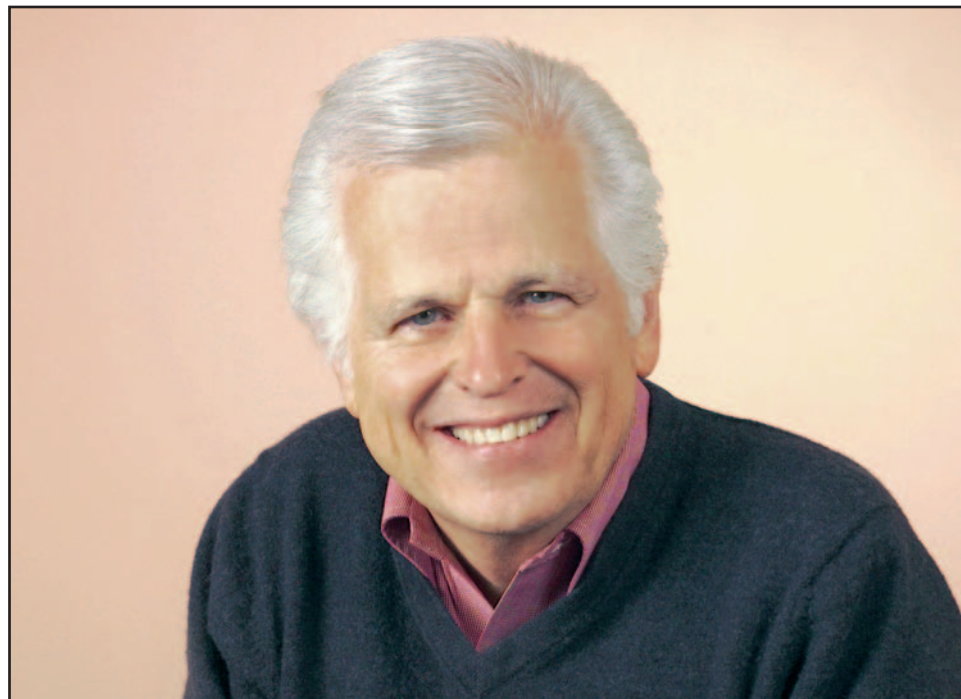

Unlike the put down's, criticism and sarcasm of American Idol judge Simon, this man has provided a platform for gifted singers and musicians alike all over the world to have their chance. He has produced more concerts in auditoriums, concert halls, high schools, outdoor venues, universities and theaters here and abroad than any living conductor/producer in the Gospel Music field.

His influence has touched a host of clients that reads like a Who's Who in Fortune 500 companies. His renown in leading churches where he has sought and nurtured talent is unprecedented...and he is in constant demand as a teacher and leader.

But 35 years ago - in the midst of a lifetime of formidable accomplishments - he organized a group of 100 singers, instrumentalists and dancers...then joined them together with a hand picked team of lighting, sound, costume and set design experts in a Detroit church parking lot to create a dramatic and spectacular July 4th Celebration.

They didn't know what they had started. That production not only met, but

exceeded a need in the community...and now - 35 years later - they have grown dramatically in number and outreach, performing thousands of live concerts, creating made-for-television specials,

producing best selling CD's, DVD's, choral books, and choir music. They are The Michigan/Ohio Concert Choir...and they have made such an impact that there is now a St. Louis, MO and Orlando, FL branch as well.

For over 429 consecutive months the MI/OH Concert Choir has continued to meet, rehearse and share their special brand of Christmas and patriotic wonder with their world...flourishing under the guidance and baton of this very special

leader.

He is legendary, and many top musicians, producers, arrangers, and writers attribute much of their success to his encouragement, example and direction.

crowning achievement in a 35 year series of annual concerts where standing room only is the norm and music lovers from all walks of life and all ages make attending a priority.

There is an ad which states, "There are many copies...but only one original.", and believe me, he is IT.

His name is Thurlow Spurr, and for over 50 years I have marveled at what this man can do with music. I have been awed at his brilliance and moved by his creations... and I have watched from the best vantage point a pupil could have. He's my dad.

The facts speak for themselves and are easy to verify. But maybe you think I'm just being a loyal daughter...and that naturally my view is prejudiced.

Then don't take my word for it. Come see for yourself.

Experience an evening with this man and the magnificent cast of almost 300 voices and then you'll know for sure. If you didn't have your own story about how Thurlow Spurr has affected your life before the concert, it's for sure you will after!
